

## Rubare Dressage Series

This new and unique dressage series allows horses/ponies to compete in different kinds of bits and allows boots to be worn, who have previously been excluded to compete under BD rules. The first 3 placings will compete at a Championship Show. Qualification cards awarded FOC. Rosettes awarded at an extra charge of £1.50p each.

The 'Rubare' Dressage Series has been dedicated by his owner Diane Drysdale to encourage the older horse/pony to 'have a go' and enjoy dressage.

Rubare was a fabulous 15hh Chestnut gelding who was a successful racehorse in his day, who Diane had proudly owned for 20 years. He sadly died at the age of 30. He was a relatively complicated horse to ride and enjoyed all equine activities. He learned to jump at the grand age of 17 years and started to do local hunter trials for fun. His forte was showing and hunting. He also tried dressage in his own fashion but due to rules and regulations regarding tack we found it difficult to fit in. In 1999 Rubare was National reserve Champion in the Super Solvitax Veteran of the Year at the age of 26.
